

Goldilocks CRM: Overview and Account Setup

Goldilocks CRM: Introduction

Goldilocks CRM is the customer relationship and sales management module within the BuildRunKit ecosystem. Designed specifically for founders and small businesses, it provides a simple yet powerful interface to track leads, manage deals, and organize your sales pipeline without the clutter of enterprise-level software.

Getting Started

Start building today.

One account gives you access to BuildRunKit, CRM, Projects & Invoices — all in one place.

BuildRunKit is a unified workspace designed to help you plan, build, and run your business. One account gives you full access to the core platform plus the Goldilocks Suite (CRM, Invoices, and Projects).

Exploring the Platform Before signing in, you can use the landing page to explore the resources available to your business:

- Navigation Menu: Use the top links to view Features, the Platform overview, Pricing tiers, Contact Us details, and the Blog.
- Call-to-Action Buttons:
 - Get Started: Click this to begin the registration and onboarding process.
 - See Plans: Review subscription levels and feature limits.

Accessing Your Account

Welcome back.

One account — full access to BuildRunKit, CRM, Projects & Invoices.

Once you have created your account, you can enter your workspace directly from the main landing page.

Entry Points

- Go to App: Click the brown button at the top right of the screen to launch the CRM application.
- Language Selection: Use the EN dropdown to choose your preferred interface language.
- Theme Toggle: Click the Moon Icon next to the language settings to switch between Light and Dark modes.

Alternative Login Options

If you registered using a third-party account, you can log in instantly by clicking:

- Google
- GitHub

📌 Note: If you are on this page by mistake and need to register, click the "Create one for free" link at the top right of the login box.
