

Strategy Mind Maps Sub-Section

Strategy Mind Maps Sub-Section

The **Strategy Mind Maps** sub-section provides a directory and visual workspace for brainstorming and mapping out ideas interactively.

Create New Mindmap Board

Create New Mindmap Board

×

Enter a name for your new mindmap board. This will help you organize your work and collaborate with others.

Board Name *

Enter mindmap board name

CancelCreate Board

- **Open Modal:** Click the blue **+ New Board** button at the top right of the main directory view.
- **Enter Board Name:** Type your title into the required **Board Name *** field (*Enter mindmap board name*).
- **Confirm Creation:** Click **Create Board** to generate your new mind map canvas, or select **Cancel** to close without saving.

Overview Metrics & Search

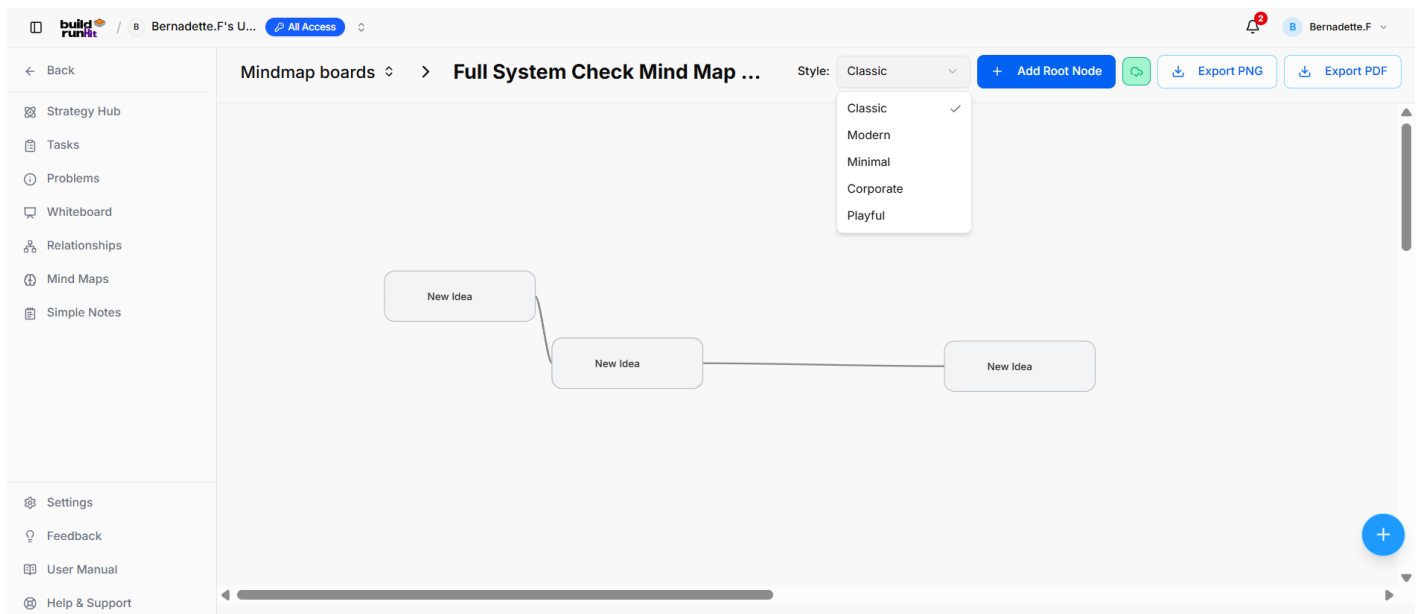

- **Total Boards:** Displays the total count of mind map boards available in your workspace.
- **Recently Updated:** Displays the number of mind map boards modified recently.
- **Search Bar:** Input field (*Search mindmap boards...*) to filter boards by title.

Board Directory Table

- **Table Columns:** Displays existing boards organized under **Board Name** and **Updated At** headers (with sorting arrows).
- **Row Quick Menu (...):** Context menu on board rows providing options to:
 - **View:** Open the selected mind map canvas.
 - **Rename:** Change the title of the mind map board.
 - **Delete:** Permanently remove the mind map board.

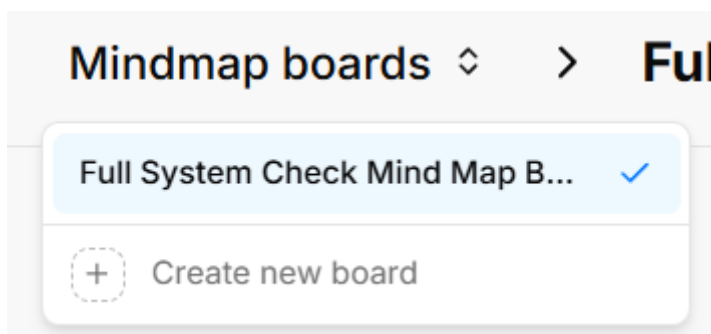

- **Pagination Controls:** Adjust items displayed per page using the **Rows per page** dropdown or step through pages using the navigation arrows.

Strategy Mind Maps

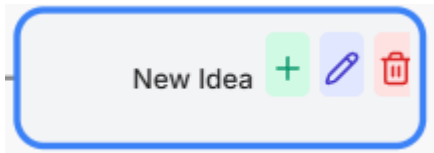

Board Header & Workspace Controls

- **Mindmap Boards Selector:** Dropdown menu displaying the active board name (*Full System Check Mind Map Board*) with options to switch between existing boards or click + **Create new board**.

- **Style Selector:** Dropdown menu to customize board themes (*Classic, Modern, Minimal, Corporate, Playful*).
- **+ Add Root Node:** Primary action button to create a main central idea node on the canvas.
- **Export Options:** Action buttons to download the mind map as **Export PNG** or **Export PDF**.

Node Elements & Action Controls

- **Idea Node:** Visual card container representing individual concepts (*New Idea*).
- **Add Child Node (+):** Green button with a plus sign to extend a new sub-node directly connected to the parent node.
- **Edit Node (Pencil Icon):** Blue/purple button with a pencil icon to modify the node text label.
- **Delete Node (Trash Icon):** Red button with a trash icon to remove the selected node from the canvas layout.
