

Mentor Alliance Business Coach Kit – Dashboard

Mentor Alliance Business Coach Kit – Dashboard

The **Mentor Alliance Business Coach Dashboard** serves as the central operational hub for coaches to monitor client onboarding, manage custom plans, track white-label domain performance, and access administrative settings.

Top Utility Navigation

- **Notification Bell:** Red alert badge icon displaying active workspace alerts and platform updates.
- **Client Messaging Envelope:** Quick-access shortcut button to compose and send messages directly to clients.
- **Theme Toggle (Moon Icon):** One-click visual control switch to toggle between Light Mode and Dark Mode display themes.
- **Settings Gear:** Instant menu access to update account preferences, profile details, and system configurations.

Sidebar Navigation Bar

- **Organization Profile:** Displays the active coaching brand name.
- **Dashboard:** Home view displaying key metrics, domain activity, and client progress overviews.
- **Clients Group:**
 - **All Clients:** Directory of all linked and active coaching clients.
 - **Assign Plan:** Interface for assigning custom coaching plans or business journeys to specific clients.
 - **Activities:** Log of recent client actions, progress milestones, and platform engagements.
 - **Invite Client:** Onboarding tool to send direct invitations or referral links to new clients.
 - **Onboarding:** Management flow for guiding new clients through initial profile and business setup.
- **Content Group:**
 - **Journeys:** Access and manage built-in and custom coaching frameworks.
 - **My Plans:** Library of tailored coaching blueprints and action plans.
- **Billing Dashboard:** Direct link to client billing settings, active subscriptions, and invoicing data.

Dashboard Metrics & Operations

Top Summary Metric Cards

- **Total Sign-ups:** Displays the total count of clients who registered using your white-label domain.
- **Total Clients:** Active and linked coaching clients currently managed within your workspace.
- **New Messages:** Unread client message notifications.

Your White Label Domain

- **Domain Input Block:** Displays your custom sub-domain URL alongside a one-click copy button for quick sharing across channels.

Domain Activity Table

Monitors real-time client acquisition and traffic metrics across your white-label URL:

- **Domain:** Active custom URL.
- **Clicks:** Total unique link visits.
- **Signups:** Total registrations recorded through the domain.
- **Sign-ins:** Total active client sign-ins logged.
- **Active Clients:** Current total of retained active clients.

Latest Added Clients

- **Client Overview Feed:** Displays a stream of recently registered or linked clients, with a **View All Clients** → quick navigation button to jump directly to the full directory.
