Mentor Alliance Business Coach Kit – Messages & Notifications

The **Messages** and **Notifications** features provide real-time direct communication tools and alert management directly within the platform header and navigation layout.

Messages Center

- **Client Conversations Sidebar:**

- **Client Filter Dropdown:** Filter client list by account status (e.g., *Active*).
- **Search Bar:** Quickly locate specific client conversations by typing the client's name.
- **Client List:** Select active conversations with clients (e.g., *John Doe, Saúl Maldonado, Bernadette Ferreira, Saúl Maldonado Navarro, Test User New*). Shows client avatar

initials and the status of the last message sent.

- **Chat Window & Workspace:**

- **Recipient Details:** Displays selected client's full name, profile initials, and primary email address.
- **Message History Pane:** Workspace displaying past thread messages or starting a new conversation.
- **Message Input Controls:** Text box to compose new messages paired with a **Send** button.

Notifications Panel

- **Header Controls:**

- **Notification Bell Icon:** Displays an unread badge indicator showing total pending alerts (e.g., 8 pending).
- **Mark All Read:** Quick action button to clear all unread alert highlights simultaneously.

- **Alert Feed & Categories:**

- **Operational Tags:** Highlights system and operational reminders (e.g., deal closing updates, strategy task due notices).
- **Origin Source Links:** Displays origin domain links associated with each alert (e.g., buildrunkit.com, goldilockscrm.com).

- **Alert Time Stamps:** Indicates elapsed time since alert generation (e.g., *4 days ago*, *7 days ago*, *8 days ago*).
- **Navigation:** Click **View all notifications** at the bottom of the popover menu to access the full notification log.
